ENGAGEMENT PACKAGES

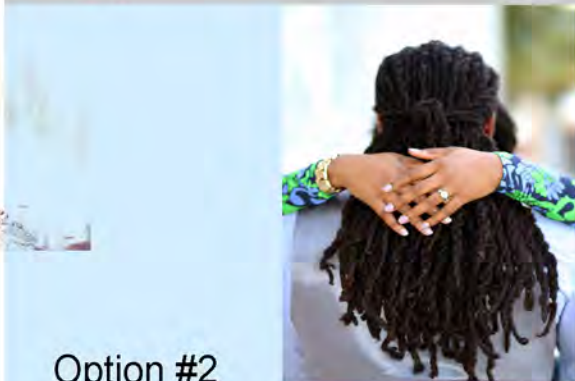

Should We Consider An Engagement Session?

Yes, we love engagement photography! This session is a great opportunity to work with your photographer for the first time, and helps you get comfortable in front of the camera before the big day.

The session can be as fun or elaborate as you would like. There are several pristine locations that we recommend based upon your preference for beach, park, cityscape, or other. Capturing two people in love is our goal, and we will plan for a special day you will remember forever.

These photos are great for save the date cards, announcements, wedding websites and even as decor pieces on your wedding day.

ABOUT | DONNA MENELEY

Donna E. Meneley of Naples, Florida established A Moment In Time Photography fifteen years ago in memory of her father Burl. He was an active photojournalist in Kentucky and West Virginia for over thirty years where he loved being a part of people's lives and perfecting his skills as a photographer. Donna was inspired throughout her childhood from training in the darkroom to mastering new photographic techniques and equipment.

This continues today as she is always looking for ways to improve her knowledge and always uses state of the art equipment. She continues to be motivated by her father's memory, his love for photography and ability to capture people during their finest moments.

Very often you will see Donna at her favorite place to work...the beach, photographing beautiful brides, recently engaged couples, families and, of course, newlyweds at sunset throughout southwest Florida. She works primarily on location at the convenience of her clients. For additional information, please call 239-860-5354 or email info@SWFLPhotography.com.

WEDDINGS | 10 HELPFUL TIPS

Things to Think About

Before the wedding day, provide the photographer with a copy of your invitation for close-up photos with your flowers and rings at the wedding.

It's always better to have extra photography time in your package, than not enough. Even an extra 30 minutes makes a great difference! Plan ahead so you don't feel rushed that day.

Bridesmaids and groomsmen should always be on time.

Be sure to assign someone the responsibility of putting on the groom and groomsmen's boutonnieres before the ceremony.

It is important to have a tidy, open area designated for the pre-photos of you getting ready. Clear the clutter, such as dirty clothes, luggage, etc....you get the idea!

Be sure to bring along a nice clothes hanger to use when photographing your dress before the wedding.

Keep powder and lip gloss close by for quick makeup touches.

Consider providing your photographer with a list of family member's names for the formal photos. It really keeps things moving and personalizes the experience for your special guests.

We always recommend including an engagement session with your wedding package. It gives you and the photographer an opportunity to work together and get to know each other before the wedding.

Your wedding day is your day to shine! Be relaxed, show your emotions and enjoy every moment.
